# ENGEL.

*celebrate life*

**ENGEL.** is a company filled with laughter. Often it's full-blown roaring laughter, sometimes a gentle smile, and occasionally we have to wipe away a tear (of joy). **ENGEL.** is also a company that holds established traditions in high esteem and creates new ones. Since it was founded in 2005, company owner Sabien Engelenburg and her team have been developing beautiful products to decorate life with; it is with good reason that **ENGEL.** goes hand in hand with the words 'Celebrate Life'. It all began with coloured fabric flags, after that came pretty paper decorations, bags, and then bamboo tableware. The collection now consists of a highly diverse range of beautiful products. Products for all manner of celebrations, large or small.

**ENGEL.** is een bedrijf met een lach. Vaak een uitbundige bulderende schaterlach, soms een kleine glimlach en een enkele keer pinken we een (vreugde)traantje weg. **ENGEL.** is óók een bedrijf waar oude tradities in ere worden gehouden en nieuwe worden geboren. Al sinds de oprichting in 2005 bedenkt eigenaar Sabien Engelenburg samen met haar team mooie producten om het leven te versieren. Niet voor niets gaat de naam **ENGEL.** gepaard met de woorden 'Celebrate Life'. Ooit waren dat gekleurde stoffen vlaggen, daarna volgden fraaie papieren decoraties, tassen en het bamboe servies. Inmiddels is de collectie uitgegroeid tot een bonte verzameling prachtige producten. Voor het vieren van grote én kleine feestjes.

# ENGEL.

## BAGS

A bag is like friendship; you always need it.

**ENGEL.** likes to celebrate and decorate life, but likes to do so for the long term! That's why we choose to make our products from sustainable materials. A good example is our collection of bags made from recycled plastic bottles. When their first lives are done as soft drinks containers, these 'PET' bottles are given new life in the form of a textile. The great thing is that the textile retains the characteristic properties of the original plastic bottle; once light and water resistant, always light and water resistant! And that's a pretty handy thing for a school bag. The **ENGEL.** bag collection is varied, whether it's for your first day at school or a weekend away, there's always an **ENGEL.** bag for you.

# NEW COLLECTION

## CHECKED

recycled fabric from plastic bottles

These newcomers are the gorgeous result of our collaboration with graphic designer Anouk Pruim who drew up these new designs.

NEW

**Backpack medium 'Checked'**

Art nr. 11.371  
23 x 10 x 31 cm

**Backpack large 'Checked'**

Art nr. 11.370

# ZIPPER 2.0

## HOW THE ZIPPER 2.0 SAW THE LIGHT

Sometimes you suddenly see things in a new light. That was exactly how we felt with our Zipper collection and why we have given our cheekily striped bags a makeover.

The Zipper 2.0 backpack is still lovable and cheeky, with a coloured strap and striped zip, but is now even more striking and more original. The front pocket's diagonal zip has been replaced by a straight one that runs from one side right into the zip fastening and handles.

And we have made a Zipper 2.0 weekend bag that is a little bit rounder than the other ENGEL weekend bags.

The colours in the Zipper 2.0 bags are delightfully sweet: candy pink, powder blue and mustard yellow. The striped straps stand out well in vivid contrasting colours.

You can't tell by looking, but the Zipper is made from recycled plastic soft drink bottles. So it's environmentally friendly too. The fabric has a coated backing, giving the bag a matt look, but it is also water resistant. The lining is made from polyester in the same colour as the outside of the bag. The hand and shoulder straps are made from polyester but are as flexible as cotton. The bag is available in a range of plain colours.

## ZIPPER 2.0 BACKPACK

Made from recycled PET bottles

The **large backpack** is really spacious. You can easily fit a laptop and other school or office things in it. Or you can take it along to the sports club.

The **medium-sized backpack** is the perfect size for a day out. Large enough for food and drink, and small enough for travelling light. (Age: 4-8 years)

**Backpack medium**  
**'Zipper 2.0 Light Blue'**  
Art nr. 11.271  
24 x 11 x 32 cm

**Backpack medium**  
**'Zipper 2.0 Pink'**  
Art nr. 11.261  
24 x 11 x 32 cm

**Backpack medium**  
**'Zipper 2.0 Mustard'**  
Art nr. 11.281  
24 x 11 x 32 cm

**Backpack large**  
**'Zipper 2.0 Light Blue'**  
Art nr. 11.270  
27 x 14 x 37 cm

**Backpack large**  
**'Zipper 2.0 Pink'**  
Art nr. 11.260  
27 x 14 x 37 cm

**Backpack large**  
**'Zipper 2.0 Mustard'**  
Art nr. 11.280  
27 x 14 x 37 cm

## ZIPPER 2.0 WEEKEND BAG

Made from recycled PET bottles

If you don't have any travels plans yet, start making them now, because his **Zipper weekend bag** is just waiting to be packed. The bag itself is in a single colour, which makes the colourful striped strap stand out even more. The Zipper 2.0 weekend bag is a rounded model with a wide, double zip, so you can put things in the bag from both sides. There are two pockets on the inside (one with a zip). There is also a closable pocket on the outside. A sturdy removable strap means you can carry the bag over your shoulder.

**Weekendbag 'Zipper 2.0 Light Blue'**  
Art nr. 11.272 | 30 cm x 52 cm

**Weekendbag 'Zipper 2.0 Pink'**  
Art nr. 11.262 | 30 cm x 52 cm

**Weekendbag 'Zipper 2.0 Mustard'**  
Art nr. 11.282 | 30 cm x 52 cm

# ZIPPER ORIGINAL

The Original Zipper collection is known for its famous diagonal striped zip for the front pocket. And to match all the colourful outfits we've added three more exciting colours: True Blue, New Pink and Brown.

You can't tell by looking, but the Zipper is made from recycled plastic soft drink bottles. So it's environmentally friendly too. The fabric has a coated backing, giving the bag a matt look, but it is also water resistant. The lining is made from polyester in the same colour as the outside of the bag. The hand and shoulder straps are made from polyester but are as flexible as cotton. The bag is available in a range of plain colours.

# CELEBRATION

Party! Hang up the garlands, put the stars in the sky and scatter confetti towards the horizon.

It all started in 2005 with fabric flag garlands, followed by paper pom-poms and confetti in all sorts of colours, shapes and sizes. Things then moved quickly and the collection grew to become what it is today: a beautiful range of products with which to decorate life. **ENGEL.** loves to honour old traditions and to think up new ones. Not only the big occasions, but also special small moments like the first day of school, a new nest of kittens, a child's new tooth or one for the tooth fairy. Together with creative designers, who, like **ENGEL.**, take delight in beautiful colours, designs and sustainable materials, we create special decorations for every occasion. Years of experience have provided us with a keen eye for what works, so we can celebrate life with colour and confetti!

## FABRIC GARLANDS (bunting)

The latest ENGEL. flags are made from recycled PET plastic bottles and are suitable for indoor and outdoor use. The garland is also beautifully light, soft and shiny. The only thing that gives away the garland's previous life is the packaging, a large PET bottle that also has a zip. This means you can put the garland back in the bottle when the party's over. How about that for sustainability!

**Fabric garland 'Sun' large**

# TABLEWARE

Everything tastes better when served on a stylishly set table.

Whether it's a sandwich or a complete festive meal you are serving, everything tastes better when the table has been set with care and attention. With the **ENGEL.** tableware collection, you can't go wrong. Our plates, dishes, cups and bowls all come in different colours and designs. There's plenty to choose from; we have designed a special set of tableware for the little ones and a large plate with detachable stand for cake lovers. Most items in the tableware range match together beautifully.

**ENGEL.** tableware is mainly composed of bamboo and maize fibre, which means the products are sustainable. If you would like to know the exact composition of our bamboo tableware products, we'd be more than happy to provide further information. Our bamboo service can be used for hot and cold dishes and is dishwasher safe up to 50°C but not suitable for use in the microwave or oven. You can cut things on them without causing damage. Please note: our bamboo products are strong but not unbreakable.
